

PRINT-READY ARTWORK

GROOMING LABEL SHEET

The kraft-paper label design already used on the Beard Wash and Body Wash bottle photography, extended to cover the two products that were still missing artwork — Beard Oil and Beard Balm — plus the travel-size mini labels for the Travel Field Kit. Same corner-tick + compass + wordmark layout throughout, so the whole grooming line reads as one family on the shelf.

CUT GUIDE

01 FULL-SIZE BOTTLE LABELS

Sized for the same amber apothecary-style bottle used across the line (~2.5in × 3.75in wraparound label). Treat this as a starting size, not a locked spec — resize to match whatever bottle the private-label cosmetics vendor ships once that's picked (see the vendor research doc: beard care hasn't been placed with a manufacturer yet).

BEARD OIL · 2.5IN × 3.75IN

BEARD BALM · 2.5IN × 3.75IN

BEARD WASH · 2.5IN × 3.75IN

BODY WASH · 2.5IN × 3.75IN

02 TRAVEL FIELD KIT — MINI LABELS

The small pill-shaped labels for the travel-size bottles in the 3-in-1 Travel Field Kit — same three products as the live bundle (Beard Wash, Body Wash, Beard Oil), condensed to fit the smaller bottle. Two of each here to fill a sheet; a print shop will nest as many as the sheet fits.

Field Grooming Kit box/pouch label: not included here — that's a 2-piece Oil + Balm kit sold in its own small box or pouch (per the shop catalog), which needs a packaging mockup rather than a bottle label once that container is chosen.

Before This Goes to a Printer

These labels are placeholder-accurate to the brand system (kraft ground, corner ticks, compass mark, wordmark, tagline) but not yet tied to a confirmed bottle SKU — beard care is still an unplaced private-label order (see the merch fulfillment vendor research). Once a manufacturer and bottle size are locked in, resize these to their exact label template before ordering a print run.
