

PRINT-READY ARTWORK

LOGO STICKER — RECTANGLE

The compass-and-wordmark lockup on a black card, laid out at a few common sticker sizes for reference. Transparent-background source art underneath, so a print shop can kiss-cut it to the artwork's own silhouette instead of a straight rectangle if preferred.

CUT GUIDE

DASHED LINE = CUT HERE

01 WORDMARK LOCKUP — RECTANGLE

4IN × 2.67IN

3IN × 2IN

2IN × 1.33IN

Kraft / light variant: the same lockup is also on file in dark ink for light-colored backgrounds (logo-lockup-light.png) — swap it in if the sticker is going on tan, cream, or white stock instead of black.

Resizing This Sheet

All artwork on this sheet is placed at true print size (a 4in tile prints at exactly 4 inches when this page is printed at 100% scale). To go bigger or smaller than what's shown, the source file — `logo-rectangle-transparent.png` — is high-resolution and scales cleanly in any direction; hand it directly to a print shop for a custom size or die-cut run.
